The Squads must be chosen by majority vote of the selectors.

In addition to selecting the Squads, up to six ranked alternates may be chosen for the CH-YR**.

V. SELECTION CRITERIA

The Selectors’ evaluation will be based on the current fitness, soundness, and ability of the horse/rider combinations to determine whether they are able to meet the standards of the CH-YR** competition; i.e., distance, size and complexity of obstacles, and the required speed to avoid time penalties.

The Selectors’ evaluation will be based on the overall performance and soundness of the horse/rider combination in various 2011 Spring Horse Trials and/or Three-Day Events, including those designated as Selection Trials, with emphasis on cross-country performance, including faults, boldness, rideability, speed, and the prospect of the horse/rider combination to win an individual medal or contribute to a team medal at the 2011 North American Young Rider Championship, having considered all the factors mentioned above. If all factors are equal between two horse/rider combinations, the participation of the rider in other Area V Young rider programs or activities, i.e., fundraising, securing of team sponsorship etc., may be considered.

VI. DEFINITIONS

BOLDNESS – whether the horse/rider combination moves forward with confidence, aggression, and vigor demonstrating a positive attitude. When presented with a question (any situation that the horse/rider must answer to successfully negotiate the test, e.g., an obstacle, change of terrain, handling crowds, jumping into water, etc.), whether the horse/rider combination answer the question with the same positive attitude.

RIDEABILITY – whether the horse exhibits in all three tests - dressage, cross-country, and show jumping - that it responds readily to the aids (directions) of the rider as a result of his training; whether he moves forward, slows down, turns, and jumps any obstacle with composure, obedience, and confidence in himself and the rider.

SPEED– evidence that, in the previous record of the horse/rider combination, the horse/rider combination shows the ability to complete the 2011 CH-YR**distances at the speed demanded.

FITNESS – whether the horse competed at a high level more frequently than is consistent with delivering a peak performance at the event for which selection is being made. Whether the horse demonstrated the modicum of preparation necessary for preparedness for the rigors of the event for which selection is being made.

VII. DECLARATION OF TEAMS AND INDIVIDUALS

Once at the competition venue, and after the first horse inspection and the cross-country course inspection, the Chef d' Equipe will declare the team of four horse/rider combinations and the two ranked individual horse/rider combinations for the CH-YR** Competition. In making this final declaration, the factors enumerated above for the evaluation and naming of the Final Entries for the 2011 NAJYRC North American Young Rider Championship CH-YR** Eventing competition shall be followed. The horse/rider combinations that make up either the Team or Individual horse/rider combinations declared will be the same as those originally announced except that substitutions may be made in accordance with the following criteria. Horse/Rider combinations named to the Team may only be substituted with Team member horse/rider combinations, for veterinary or medical reasons or for breach of the USEF Code of Conduct with the approval of the Chef d' Equipe, the coach and any Selectors who are physically present at the competition venue.

Composition of Teams: Each Area may send a team of four plus two individual horse/rider combinations to the CH-YR** Championship. For Areas not able to field teams, the following options are available:

- The Area may send one or two individual horse/rider combinations.
- Areas only able to field individual horse/rider combinations (i.e., they do not have enough horse/rider combinations to make up a team) may be combined with horse/rider combinations from other areas by USEF at the time of definite entries in order to create a full team.
